

# 360 CHALLENGE

*We all know that 80% of all decisions for Christ come before the age of 18. Statistics show that 80% of those are made in a Christian Camping Environment. Statistics also show that young people who attend camp stay in church. (ACA Statistics). We also know America is the third largest MISSION FIELD in the world today. That means right here in our back yards and communities.*

***In 2008 the Ministry of Camps challenges each American Baptist Church in Indiana and Kentucky to:***

**3** Invite three young people from your community that is not currently involved with your church to attend camp this summer.

**6** Pray for those three young people the six days they are at camp.

**0** Miss zero opportunities to share about camp with those three young people until they attend camp.

If each church invites 3 young people to camp, that is 900 young people.

If 80% of the campers make a decision for Christ that is 700 new believers this summer. That also means that those three young people may return home and become a part of your church.

If you would decide to make this a 4 young people (YP) a 460, 5 a YP 560, or 9 YP a 960 challenge, we could make a tremendous dent in the third largest mission field in 2008. For more information, contact the camp nearest you.
